

A Message from the General Manager

Star Aviation is committed to integrating the principles of effective risk management into all aspects of our operations.

Here at Star we believe that good risk management is the safe management of opportunity.

Our Objectives

- To ensure our standard for risk management remains current, valid, effective, and central to all our activities
- To provide our people with the required training, tools and guidance in relation to the management of risk that supports the achievement of our corporate objectives
- Ensure that our risk management framework adheres to the accepted guidelines and principles for the management of risk
- Develop and improve our organisational capabilities in identifying, accessing, controlling and reviewing risk and risk controls
- To shield our people, financial and capital assets, knowledge, and reputation from harm
- Create and maintain a culture whereby all our people accept responsibility for risk

A handwritten signature in black ink, appearing to read 'P. Georgiou'.

Peter Georgiou
General Manager
